

RECREATION CENTER NAME

4-H ROBOTICS: *JUNKDRAWER ROBOTICS*

Every **day of week, start date – end date**
at **time am/pm**

4-H Robotics engages youth in critical math, science, and basic programming skills through robotics. Youth work on their building, design, and engineering skills to increase understanding in how robotics work! Junk Drawer Robotics challenges participants to build robot like machines from everyday household items. Using the Experiential Learning Model, youth learn concepts such as form, function, mobility, and locomotion.

CENTER INFORMATION:
